

**LIMITED TIME OFFER!
EXTENDED THROUGH APRIL 1!**

20% BONUS REBATES

Now is the time to make energy-efficient improvements that help your bottom line and benefit the environment – here's why:

- 1. Upcoming code changes may limit the value of future rebates**
- 2. Take advantage of remaining inventory of air conditioning equipment manufactured before January 1, 2010, using R-22 refrigerant**

Eligible rebates available for existing commercial businesses for:

- Lighting
- Window Film
- Solar™ Screens
- Window Replacement
- DX Air Conditioning
- Ceiling/Roof Insulation
- Reflective Roof Coating
- NEMA Premium Motors
- Chillers
- Variable Frequency Drives
- ECM Fan Motors
- Cooling Towers
- Transformers
- Data Centers
- Guest Room Controllers

Projects must have begun on or after November 1, 2009, and be completed by April 1, 2010. Up to \$200,000 in rebates per business site are available. Bonus rebate applications must be submitted by March 1, 2010.
